

DON'T FORGET . . . WEDNESDAY, JUNE 15, THE MEETING/PARTY . . . THAT IS, THE PARTY/MEETING AT THE HOME OF PACKARD ANDERSON. MEETING STARTS AT 8:00 P.M. PARTY STARTS AT 8:05 P.M.

Summer is upon us. PVSers have been sailing and tennising together. The first sailing trip under salty Russ Kinaman's direction was a great success. The second such trip is slated for June 12. Contact Russ for more details. The first tennis gathering took place on June 5. All who signed up were contacted. We wonder why y'all couldn't make it on 30 minutes notice!! In any event four stalwarts competed in doubles with Gutheil and Bunnell just managing to edge out Armat and King . . . 6-4, 6-1, and 22-20. The PVS tennis enthusiasts are now identified. They are:

Bill Jarrett	Doris Hege	Bruce and Inge Gilmore
Pat Calef	Brooke Armat	Byron Gutheil
Russ Kinaman	Larry and Billie Pease	John Iams
Bill and Joyce Goodell	Max Bunnell	Dick King
Ron Fett		

Mike Rura, one of several PVS first aid instructors, announces that he now has six candidates for the Standard First Aid Course. He needs at least ten to make a good class and the instruction will start as soon as we can sign up four more. The course consists of four sessions of three hours each and includes both first aid theory and practice. Those successfully completing the course will obtain the usual American Red Cross certificate. The Advanced First Aid course will follow for PVS members interested in the Ski Patrol.

We need items for the Swap Shop. Tell us what you have (to swap) or what you want. Sue Fleig is our Swap Shop coordinator.

If you have not completed the "skills inventory" sheet, contact Agnes Cavin or Mike Rura. We want the various activities committees and groups organized before the fall season so that PVS will get off to a fast start in September.

Renewal forms for next year's membership soon will be circulated as will a revised membership roster.

As announced, the host for the July party meeting will be Mike Rura. It will be a lawn party with badminton and assorted edibles and potables.
