### Race Results - Charnita

January 24, 1970: Ten members of PVS entered both the Downhill and Slalom, thanks to the timely calls to the Ski Club of Maryland by our Race Chairman DICK KING. It wasn't PVS's fastest field, but they all had a BEAUTIFUL day.

SHIRLEY took a 2nd - 0.01 seconds behind 1st in the Women's Downhill. AINA a 4th in the Downhill. MAUREEN LOWE - 2nd in Girl's Downhill and 2nd in Girl's Slalom. BOB LOWE - 5th in Boy's Slalom and 5th in Championship of Charnita.

Challenge Race at Blue Knob - by Dick King

The First Annual Valley Forge Ski Club (Phil., Pa.) vs. PVS Ski Club competition was run Saturday, January 31, at Blue Knob, in conjunction with the area management's sponsorship of NASTAR.

Participants from the two Clubs enrolled in NASTAR and the results of that officially conducted race were compiled to get the interclub standings.

SHIRLEY LOWE beat her nearest competitor, JANE BRAUN, by a full second and a half, and wins a great big American beauty rose for her accomplishment. Jane had never raced before, so she gets a big kiss for a job well done. For the men, BOB TABOR, congenial social/leader, Maitre De, ski patrolman, bus "trip" leader, and outstanding skier, rates highest accords for his clocking an excellent time which won him first place for the men as well as a silver medal from NASTAR. Great work, Bob; and we look forward to greater competition to press you harder next year. Men and women ran the same course.

Ski-O-Ree 1970

HANK THOMAS, MARY IAMS, and AINA HERTELIS passed the Judge's Clinic at BRSC Ski-O-Ree, and can now administer the Standard UPT to PVS candidates. Also MURRAY LYON and BROOK ARMAT passed the Standard UPT in addition to Hank and Aina. Fifteen PVS'ers turned out for the SOR - about 24% of the Club. Good show for the turn out, thanks to the work of DICK KING. PVS placed third in points ahead of Baltimore Ski Club. SCWDC 145, L Heiskill 106, PVS 76 and Baltimore 37.

#4	Maureen Lowe	24.8	22.5	=	47.3
#12	Hank Thomas	31.9	26.1	=	58.0
#13	Erik Plaunicks	30.4	29.5	=	59.9
#14	Brook Armat	33.6	32.0	=	65.6
#15	Aina Hertelis	41.7	25.2	=	66.9

Second Interclub Race Scheduled.

PVS versus Richmond Ski Club at Roundtop, Pennsylvania, Saturday, 28 February.

Plan now to make a great PVS turnout. Draw a bib and run with the pack, and tend gates, time, or start.

PVS Elections - April, 1970

Your President appointed the Nominating Committee in January which will make its recommendations for the Annual April Meeting Elections. They are GLADE FLAKE, Chairman; DON COPE, RON FETT, DICK KING, PETE LANG and WALT WADEY. Glade Flake has offered to interrupt his heavy National Ski Patrol commitments to assure assembly of an impressive slate; Don - ExCom and your present Program Chairman; Ron - an instructor at Homestead and Charter Member; Dick - your first Prexy and present Competition Chairman; Pete - a past Membership Chairman; and Goeff - who upon return from the PVS Bussbicasé proclaimed Mad River truly MAD. All are well known to the members. If you have any suggestions for next year's officers, please contact this Committee. May I suggest a perusal of By Laws, Section III, especially H. Nominations.

Program Schedule - Don Cope, Chairman

- Feb. 17 Meeting at Shirley Lowe's
- Feb. 28 Roundtop, Pa., race with Richmond Ski Club - Dick King
- Mar. 17 March meeting - maybe some slides
- April 21 April meeting - elections - Tuckerman slides
- May 1 Tennis
- May 2 International Night and pre-convention meeting
- May 9 USEASA Convention, Pennsylvania
- May 12 Equipment demonstration
- May 15-17 May meeting - weekend campout and Saturday evening cookout
- May 21-26 Mt. Washington trip
- May 30 Hatteras thawout

DON COPE, a member of ExCom and your 69-70 Program Chairman, has offered to come out of nuptial retirement to whip up a program plan for 1970. This is to be an addenda to your PVS Folder that will be used as a nucleus to generate future monthly programs. Recorded-tentative dates are to be fixed when each month's program is scheduled. Have you considered what was involved in selecting dates for last season's successful Moonlight Yacht Party? One is required to obtain cooperation of Sun, Wind, Tides and most important, the Moon. Successful invocation not only to Uranus and Gaea, but also Cronus, Tethys, Poseidon and the ability to obtain protection of Athena. His skiing (Volkl-Zebras, yet!) spouse who has masterminded the most successful PVS Lobster FRIBS will be in assistance as she also has special intercession and secret incantations in her bag of tricks - imagine obtaining selective protection from the Rain Gods for the last Great Falls Lobster Party.

PVS Annual On-The-Hill Meeting - by Jane Lyon

Fourteen PVS'ers taking part in the Ski-O-Ree at Charnita on Saturday, January 17, ended the day with a well-earned happy hour and hearty buffet supper at a pleasant P-Dutch restaurant in Ortanna, Pa. Our thanks to SHIRLEY LOWE for her excellent advice on "Where to Dine when in Charnita".

Beneath that billy-goat exterior, HANK THOMAS is all heart (or is it heartburn, Hank?). He shared the last available piece of shoo-fly pie with 16 other hungry skiers!

From her psychedelic lunch box MAUREEN LOWE drew forth billions of bubbles and a crazy white rabbit who reeled madly up and down the table to the raucous burps of kazoo music. Let's all hear it for Maureen and her tripped-out bunny! Next time y'all come! Hear?

Notes From The Bog Runner's Log

BETTY SMITH is the Secretary of the Air Force Ski Club. AINA HERTELIS won a trip to Vienna, and LARRY PEASE won the goggles in recent raffles. Want to keep a snowflake for summer? See page 104 of the January National Geographic Society Magazine. PVS experimented with L-DOPA on the BRSC/PVS on-the-snow-weekend: one member claimed he felt like a new man; "Just a sad case of mistaken identity" replied his wife. Pot user left behind? "Never", replies PVS, secret Killington trip report by the KEY'S bares truth. MARIANNE LEHR went Asiatic last summer, and is now teaching Vietnamese (great stuff that -33, eh-Marianne?). Almost 10% of PVS have been in Vietnam in one capacity or another.
